

GEOLOGY AND THE EARTHQUAKE EFFECTS ON BUILDING STRUCTURES

TRI-CITY BRANCH EVENT
CO-HOSTED BY THE BMP ENGINEERING & INSPECTION AND PORT
MOODY ROCK & GEM

Date: Thursday, February 6, 2020

Time: 5:30 PM-9:00 PM

Location: Coquitlam City Hall, 3000 Guildford Way, Coquitlam | Cost: Free

This is an educational seminar for all ages on the geological landscapes and earthquake effects around the region. It will provide an insight to the North American geological formation and the building structural effects during a seismic event.
